Hi Alison

Here is the report for 2024

I am pleased to share that 2024 has been another fun year for the NSW Hardware Social Golf. I would also like to thank those new members who joined this year and I hope they spend many more years with us.

Firstly a big thank you to Jacques for selecting our courses for this year. Certainly some great courses and some challenging ones as well. With most attending every game, thank you to you. And for those who managed to score some prizes, well done.

In 2025 we will be playing some new courses, and some later tee times (for a change). I hope you are all ready for the challenge.

Lastly thank you to everyone who helped me throughout the year, its being a pleasure being club captain and look forward to being captain again next year.

Our first game for 2025 will be at Glenmore Heritage Golf Club on January 12. Tee off at 8:55am

Thanks

Steve
